## THE TESOL Italy Rome Local Group

kindly invites you to the seminar

### ***eTwinning and the development of Teachers***

hosted by

**Liceo Scientifico Statale Teresa Gullace**

Speakers:

**Alessandra Cannelli – Maria Rosaria Gismondi**

In this seminar we are going to analyze the opportunities for professional development and how to create a personal professional portfolio. eTwinning offers a platform for staff (teachers, head teachers, librarians, etc.), working in a school in one of the European countries involved, to communicate, collaborate, develop projects, share and, in short, feel and be part of the most exciting learning community in Europe. eTwinning promotes school collaboration in Europe through the use of Information and Communication Technologies (ICT) by providing support, tools and services for schools. eTwinning also offers opportunities for free and continuing online Professional Development for educators. Launched in 2005 as the main action of the European Commission's eLearning Programme, eTwinning has been firmly integrated in Erasmus+, the European programme for Education, Training, Youth and Sport, since 2014. Its Central Support Service is operated by European Schoolnet, an international partnership of 30 European Ministries of Education developing learning for schools, teachers and pupils across Europe. eTwinning is further supported at national level by 37 National Support Services.
