Creativity is what has propelled us forward as a species – it expands our world and brings us new ideas, inventions and discoveries. Furthermore, in the revised Bloom's taxonomy "creating" is on top of the pyramid and in the framework for 21<sup>st</sup> century learning is among the skills students need to succeed in work, life and citizenship. In the seminar, we will reflect on how to encourage students to develop their creativity and engage them in meaningful activities.

INVALSI update: ideas and activities for teachers to prepare students for the INVALSI English test.
