How to improve the reading fluency in dyslexic students

The webinar aims at explaining the difficulties English reading poses to any foreign student (in particular to dyslexic ones) and the way to solve them.

Speaker: Daniella de Winter

Ms. Daniella de Winter has developed special methods for teaching adults English reading skills and has specialized in providing solutions to dyslectic readers. This working path also led her to develop an innovative and extremely successful pattern-based methodology for teaching the English language. These methods have since been incorporated into her own brand of books and games which have proven to be lifesavers and life-changers for so many students all over the world.
